@ingesildnik

Inge Sildnik has been involved in performing arts all her life. She began her professional career as contemporary dancer, but soon felt the need for a little more action and excitement and so moved into the world of film and television to work as a stunt actress. As a stunt actress, Inge has worked many international films like The Fall Guy, Mortal Kombat, Transformers 5, Mad Max, and many more, as well as many of Australia's best known and loved television shows, tv commercials and live shows. Inge has a passion for performing and extreme sport and adventure and her work has taken her throughout Australia and overseas.

As a Stunt Coordinator I design, plan, and oversee all stunt sequences in film and television to ensure they are executed safely, creatively, and in line with the director's vision. I work closely with the director, performers, and crew to choreograph action scenes — from simple falls to complex fight or car sequences — while managing risk assessments, rehearsals, and safety protocols. Through my 25 + years in the stunt industry I now also work as an Intimacy Coordinator. As an IDC trained - SAG/AFTRA Intimacy Coordinator, I work to ensure that scenes involving physical or emotional intimacy are handled with professionalism, creativity, and care. I am using my role to bridge the gap between storytelling and safety — protecting the performers while helping directors bring authentic, powerful moments to screen.

I collaborate closely with cast and crew to establish clear communication, consent, and boundaries before any intimate scene is filmed. On set, I choreograph and guide these moments much like a stunt coordinator would for action — ensuring that every movement supports the story while maintaining the comfort and well-being of everyone involved.

Beyond choreography, I advocate for a respectful, inclusive, and trauma-informed work environment where performers feel empowered and supported. Whether it's a tender kiss, a passionate encounter, or a moment of vulnerability, I make sure it's all about storytelling, not discomfort. My credits below;

Stunt Coordinator

Bloody Legend, NCIS, The Carer, Home & Away, Vera Blue -Modern Rituals, Press Kit, Mari, Mariana Young – Riot, Tarantula's FF,
